

Improving the look of Regency Square

We are launching plans to improve the gardens in Regency Square and we need to know what you think.

We want to create a more varied and attractive space, offering a better habitat for wildlife.

There will be a combination of wild grasses, a new flowerbed, and native bushes. New paths will reduce damage to the grass.

The railings need painting. The cement walls could also be painted to improve their appearance.

More and better seats are needed in the square. We want to replace the unattractive bins.

We may be able to erect two old iron columns in the lower garden, as a memorial to the West Pier.

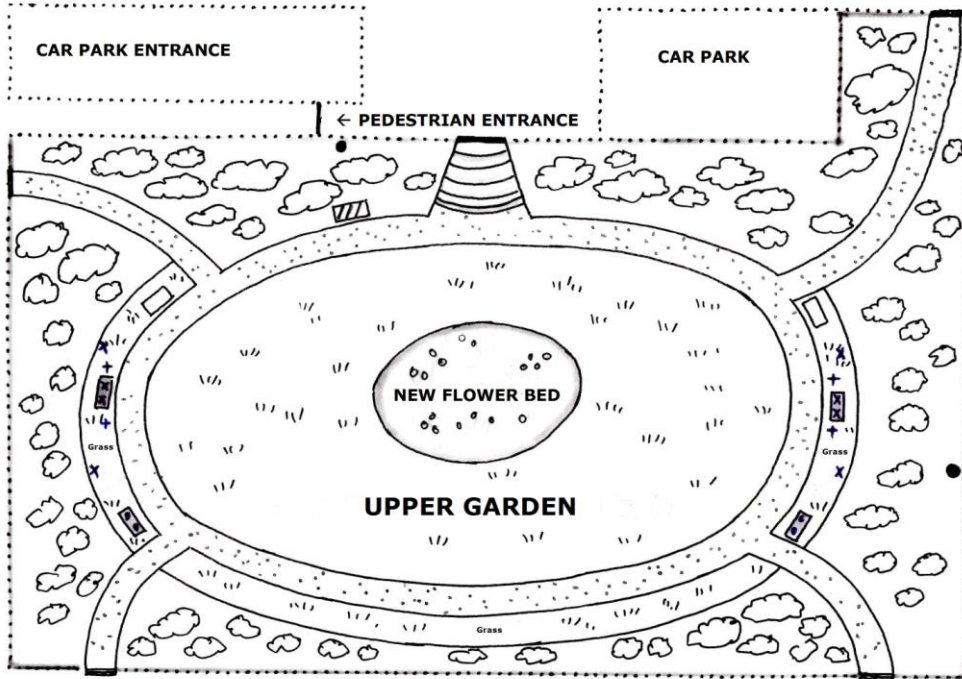

Diagrams on the next page show more detail. You can read more on our web site at www.regencybrighton.com/news.

If you want to talk to someone about our plans please get in touch with

- Nigel Rose: 07850-031-082
rosenigel@btinternet.com
- Duncan Cameron: 01273-771542
duncan.g.cameron@googlemail.com

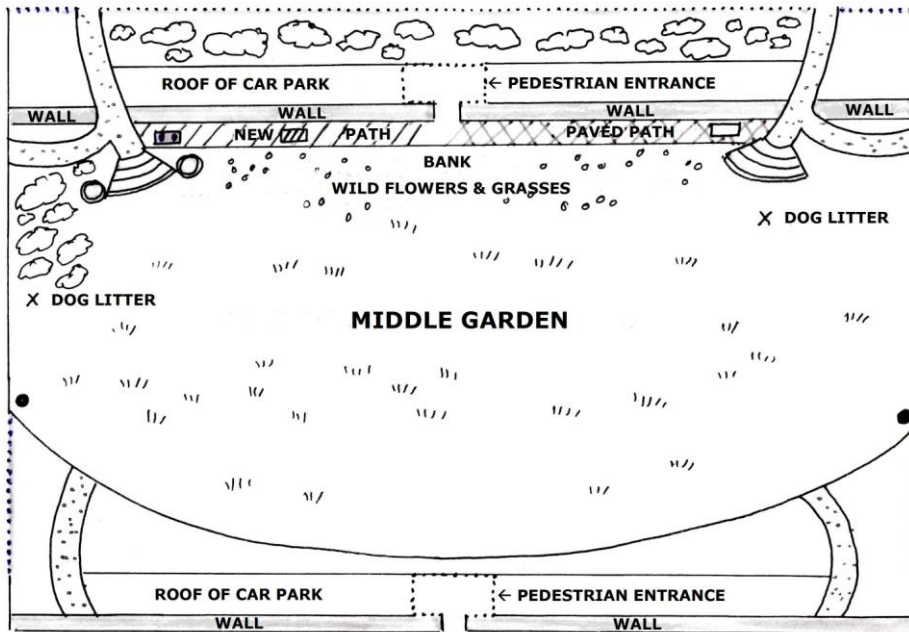

We need your feedback before we can do anything. Please use the questionnaire on the back of this leaflet to tell us what you think!

Regency Square
Garden Improvement

- Remove broken seat
- New seats
- Install low level lighting
- New litter bins
- Existing seats
- New seats & tables
- Paint railings

Regency Square
Garden Improvement

- Paint Concrete Wall
- Remove broken seat
- New seat
- New litter / dog litter bins
- Create new path
- Existing seat
- New wild grass / flowers
- Paint railings

Regency Square Garden Improvement

How will all this be funded?

Our plans depend on finding the money needed.

In some cases the Council will be able to help. We also have money in our own Regency Square Improvement Fund, which we will use.

Some of the more ambitious plans, such as the new flower bed, the tables and chairs and the lighting will depend on sponsorship from local businesses and residents.

At this stage our aim is to establish what we would like to do. Then we will try to find the money for each part of the plan. We will not be able to do everything at once.

Please tell us what you think!

To win the support of the Council we need to show that local people have been consulted and support our plans.

Please use the questionnaire over the page to give us your views!

Regency Square Gardens Improvement Questionnaire

Please tell us your views by ticking the appropriate boxes.

	Yes	No
Upper Garden		
New flower bed		
Remove broken seat		
Install 2 new seats		
Install new fixed tables and seats		
Install new low level lighting
